All Improvement Clubs Will Work Together Under One Organization

FORM EXECUTIVE BODY NEXT FRIDAY

All improvement clubs of the city are to be directed by a central club, or executive committee, to be formed at a meeting of the presidents of the various district clubs Friday evening in the rooms of the Hawaiian Promotion Committee. This plan was formally agreed upon at the regular meeting of the Promotion Committee yesterday afternoon. The other business before the meeting was largely concerning the parade for Washington's birthday.

In a letter to the Promotion Committee from the Waialeale, Kalamaki and Palolo Improvement Club, it was suggested that a central club be formed, to serve as a sort of executive committee for the local clubs. According to this suggestion, it was planned to have the central club consist of two members of each of the minor clubs and two to be selected from the Hawaii Promotion Committee. The matter was referred to Mr. Spalding, and before the meeting closed he presented a motion providing for the initial meeting for Friday evening at 7:30 o'clock. Whether this central club is to consist of the presidents of the other clubs, is not yet decided, the plan being to have the presidents meet for the purpose of commencing and planning the organization of the executive body.

It is believed that after the central club is once organized the work of the various other organizations will be more effective, and the general improvement of the city will be made according to a system to be adopted in all sections. The new committee will take much work off the shoulders of the Promotion Committee, which can then devote its attention more to the advertising of the islands and to many other things that come under its immediate jurisdiction.

There is a general tendency now to combine many of the clubs into a less number. It is believed that such a method will result in more united effort as a rule, and will be beneficial to the general cause.

Alex. Garvie, secretary of the Prospect Improvement Club, submitted a project of asking the Board of Supervisors to endorse Punchbowl with a driveway. The Promotion Committee endorsed the project.

In a letter from C. F. Merrill, he suggested that the attractive picture of the city which is put on exhibition in various windows of the business houses, be converted into an engraving and printed on advertising matter of the city.

Miss Florence Lawrence, who conducts the free kindergarten, will be given one automobile for her pupils for the parade. Three other machines had been obtained for her, but it was decided that they would not be needed, so they will be awarded to other schools.

Various letters were furnished the committee by Miss Lillian Lemmon, endorsing the proposed line of steamers to be run by the Utah-Pacific Coast & Navigation Company between San Pedro, Cal., and Honolulu. It was decided by the committee that a letter be sent to the company's headquarters in Salt Lake City, suggesting that before further steps in the matter be taken, a representative should come here to look over the field.

There will be fifteen young ladies come from Oregon as a result of the voting contest of a paper there, instead of ten as was formerly announced, according to information received by the Promotion Committee in a letter sent by the Oceanic Steamship Co., dated at San Francisco, Feb. 2. The young ladies will sail from San Francisco on the Sonoma, Feb. 15, and will arrive in Honolulu a week from today.

It was suggested to the managers of the leading hotels of Honolulu, who were present at the beginning of the meeting yesterday afternoon, that each of them contribute to the parade a tally-ho filled up with guests of their respective hotels. The fortunate guests will be confined to ladies, who will be selected by drawing of numbers. The hotel people wanted to think the matter over before accepting the offer. There will be nothing of an advertising nature on the vehicles.

It was announced at the meeting that already thirty-nine automobiles had been entered for the parade. The Promotion Committee decided to ride in a body in the parade in an automobile.

As soon as the Promotion Committee had finished its business, the committee on parade held a short session, and not being able to complete its work then, it was decided to adjourn until 2 o'clock this afternoon.

As the flowers would be at their best in the early morning, it was decided to have the parade form promptly at 9 o'clock, at Thomas Square. The line of march is not yet complete, but it will include streets near each of the large hotels, to enable visitors to see it. The automobiles will be in the lead, and when the Palace Square is reached, these will turn down town, while the others will proceed to the park. After following out a separate line of march for a time, the automobiles will join the other part of the parade at the park.

Gerrit Wilder was appointed a committee of one to obtain ribbon badges for the people who take part in the parade. Everyone will be given a souvenir white ribbon on which will be the words, "Floral Parade, 1906." Red and blue ribbons will be given to the prize winners.

PREPARE TO HOUSE

MOLOKAN FAMILIES

ON KAPAA LANDS

(Special to The Bulletin)

Kealia, Kauai, Feb. 13.—As the time for the arrival of the Molokans draws near, preparations for their reception are being concluded by the Mahee Sugar Company. Upon the day of landing on Kauai the sixty-six Russian families will be provided with houses containing eighty-eight rooms. Recently some of the Japanese and Koreans occupying houses on the Kapaia lands have been moved to other quarters. These houses vacated have undergone repairs and made tenable for the white laborers.

It is not the intention to move all of the present laborers off the Kapaia lands at this time. Manager Fairchild states that of course it would be impossible for this number of Russians to care for all of the 2000 acres of cane on the land. On this account a sufficient number of the Japanese and Koreans will be kept on the Kapaia lands to perform the needed labor. Later when there is enough of the Russians here to do the work and they have demonstrated that they can do the work properly, the land will be occupied only by them.

"Soon after I began to take Wine of Cardui I could see that I was beginning to get back my strength."

That is the comment Mrs. Seymour makes.

If you are sick you can take Wine of Cardui and secure health and strength. If other medicines and other treatment have failed, that will make no difference. Few women have taken Wine of Cardui at first. By far the greater number of Wine of Cardui cures are women who could not secure relief elsewhere. All druggists sell \$1.00 bottles of Wine of Cardui.

I am pleased to endorse Wine of Cardui as I found it so beneficial to restore my strength after my baby was born. I could not seem to get well enough to be up and able to do my work, and as I had been in bed for six weeks this was rather serious, but soon after I began to use Wine of Cardui I could see that I was beginning to get back my strength. In another week I was able to sit up most of the day and in a month I was able to be up and do most of my work. I think it is splendid medicine for a woman and can certainly give it highest praise.

KAUAI SUPERVISORS

GIVE

DEMOCRAT A PLACE

(Special to The Bulletin)

Lihue, Kauai, Feb. 12.—At the regular monthly meeting of the Kauai County Supervisors, H. W. Kinney, Louis Wiebke and John Halemanu applied for appointment as road luna in this district, in which position there was a vacancy.

Mr. Kinney, who lives in the Hanalei district, is a Democrat, and on his application had the signatures of several prominent property-holders attached. Mr. Wiebke, a Republican, who lives in this district and admitted by everyone as being capable and reliable, had secured no signatures for his application, not thinking it necessary. On the first ballot these two men tied, but on the second ballot the Democrat was given the appointment.
